

VOLUNTEERS SPRUCE UP TENLEYTOWN FOR SPRING

Fifty-six volunteers joined Tenleytown Main Street on Saturday, April 13 for the 4th annual Wisconsin Avenue Community Clean-Up. Blessed with gorgeous spring weather, they spent the morning laying 160 bags of mulch, removing 24 bags of litter and plant debris, and weeding scores of tree boxes along the avenue. Volunteers also trimmed shrubs, raked leaves, and planted flowers at Fessenden Park. TMS is grateful to these amazing community members for helping spruce up Tenleytown for spring.

Special thanks also go to Rock Creek Conservancy and Ace Hardware, which provided supplies for the clean-up, and to Nando's PERi-PERi for offering a special meal deal for volunteers. And, as ever, we are grateful for our Wisconsin Avenue Clean Team who joined the clean-up and are at the front lines of keeping Tenleytown clean and green every day.

OPEN 24 HOURS

Founded in 1936, Friendship Hospital for Animals was originally located in what is known in Tenleytown as the “Dancing Crab” building on 41st Street. The hospital moved into 4105 Brandywine in 1968, where it has been located since. Dr. Peter Glassman, director of Friendship Hospital since 1982, grew up in Washington, attending the nearby Sidwell Friends School. As a youth he rode and cared for horses, which influenced his decision to study veterinary medicine at Cornell University. After graduating from vet school, Dr. Glassman joined the staff of Friendship Hospital in 1978 as one of three veterinarians. In 1982 he bought the practice and became director.

Friendship Hospital for Animals now has 63 vets and a staff of over 200. Dr. Glassman’s son, Mathieu Glassman, is chief of veterinary surgery. The hospital provides primary care such as neutering, immunizations, and annual exams, and has board-certified specialists in acupuncture, anesthesia, cardiology, clinical pathology, dermatology, diagnostic imaging, dialysis, emergency & critical care, internal medicine, neurology & neurosurgery, oncology, ophthalmology, orthopedic & specialty surgery, and rehabilitation.
